The Architects? Association of Catalonia is calling elections on 10 May to appoint its governing bodies and representatives. Association members can exercise their right to vote for the people who will be heading the institution and representing its architects as a professional body for the next four years.

As on previous occasions, voting will be done electronically. Each member will be provided with the credentials to exercise their right to vote either remotely, from any device connected to the Internet (computer, smartphone or tablet), or in person at any of the Association?s offices.

To facilitate the process, **members who have already logged their email address and smartphone number with the COAC can get their credentials online** without having to collect them at their corresponding office.

If you cannot get your credentials online, you can collect them in person after 25 April at your corresponding office. To obtain your accreditation you need to present your DNI or any other form of photo ID.

To keep everyone updated on the elections, a special section has been set up on the website which includes all the information you need to take part: schedule, voting requirements, voting system, information on candidates, regulations, and a help section to answer any queries.
