On **November 5th**, coinciding with Light Code [3] installation that can be seen in Plaça Nova, the **3XPERIENCE** conference held by **Constantin Goagea** and **Justin Baroncea -** representing **Zeppelin-,** will take place. They will talk about how content and space are

transformed into an experience based on the principles of interaction and play.

Zeppelin team it is known for the www.e-zeppelin.ro [4] platform ? the group has been editing an architecture and design magazine for 18 years, meanwhile involving themselves in curating activities and exhibition production.
