Romera y Cid, President of the Tarragona Demarcation of the College of Architects of Catalonia and with a conference by the architects who won the competition, where they will explain their proposal.

The exhibition includes the winning project, the four finalists and the rest of the proposals submitted to the ideas contest published by the Port of Tarragona for the urban transformation of the institutional buildings. The idea of ??the competition was to create a large 8,000 m² urban park around the institutional headquarters and the administrative headquarters of the Tarragona Port Authority that would contribute to improving connectivity with the city of Tarragona and between the Moll de Costa and the Paseo de Miracle, promote sustainable mobility and reduce carbon emissions.

The Tarragona Demarcation of the College of Architects of Catalonia hosts **the exhibition "Parc del Port"**, which can be visited **from August 1 to September 29, 2023, in the exhibition hall.**
