Within the cultural programming of the AVANTGUARDA cycle, we have the opportunity to listen to the architect and publisher Moisés Puente, who will offer us a conference on the subject of communication, with the title 'architecture publications'. The event is presented by Anna Castellà d'Arjub.

Moisés Puente is an architect and editor. Since 1999 he has worked as an editor at the Gustavo Gili Publishing House. He currently directs the magazine 2G and a collection of essays for the German publisher Walther König. He has published anthologies of texts by Alejandro de la Sota, Josep Llinàs, Olafur Eliasson, Aldo Rossi, Philip Ursprung, Smiljan Radić, Andrés Jaque or Kersten Geers (in press); conversation books by Mies van der Rohe, Jørn Utzon and Gordon Matta-Clark; and monographs on the work of Mies and de la Sota. His publications have received several awards and in 2010 he was awarded the FAD Prize for Thought and Criticism. In 2016 he founded his own publishing label, 'Puente editores', focused on essays on art and architecture.

At the end of the conference there will be a dinner-colloquium with the speaker at the Barhaus restaurant. You can sign up by sending an email to comunicacio.tar@coac.net ^[3].
Dinner price €22.

The AVANTGUARDA cycle is divided into four main sections: environmentalism, experimentalism, communicationism and academicism. The format of these four sections and on different days will be that of a conference [C], a debate group [G] and a master class [M] per month.
